Harmon C. McAllister
Research Director
The Council for Tobacco Research
900 Third Avenue
New York NY 10022

Dear Dr. McAllister:

I want to thank The Council for Tobacco Research for its support of the 1990 conference on **Breast Cancer.** Five hundred dollars will be credited to the conference speaker budget account in accordance with UCLA Symposia policy and used exclusively to help defray speaker travel and lodging expenses.

The Council for Tobacco Research - U.S.A., Inc. will be acknowledged in the Programs of the meetings as well as in the Abstract Books and the Proceedings Volumes of contributed papers published in conjunction with all 1990 UCLA Symposia conferences. Programs and Abstract Books are distributed at the meetings to all registered participants; Proceedings Volumes are available from the publisher, Alan R. Liss, Inc., approximately six to eight months following the close of the conferences.

The UCLA Symposia, facing an office space problem until new building construction is completed in a few years, is currently in leased office space off-campus. As a consequence of now having rental payments as part of our operating expenses, the Vice Chancellor has authorized the Symposia to deposit its corporate gifts into an Income account as a fee for service rather than a Gift account. Since Gift accounts are subject to a 5% overhead charge paid from funds available for Symposia G&A, the Vice Chancellor's authorization represents a savings to the Symposia to help offset the cost of operating in leased office space.

We truly appreciate your interest in and support for the UCLA Symposia conference series; if you have any questions concerning your gift, do not hesitate to call me.

Sincerely,

Hank Harwood

Robert (Hank) Harwood, Ph.D.
Gifts and Grants Manager
